jayesh0@hotmail.com ◊ [LinkedIn](#) ◊ [Github](#)

OBJECTIVE

Seeking internship roles in Data Science, Cloud Computing, and Software Development.

EDUCATION

B.Tech in Electronics and Telecommunication (Pursuing)

MIT Academy of Engineering, 8.03 CGPA

Expected Aug 2024

Relevant Coursework: Cloud Computing, Java Full stack Development

Data Structures and Algorithms using C.

SKILLS

Programming Languages

Core Java, Python, SQL, HTML, CSS

Tools and Technologies

AWS, Linux, GIT, Github, Power BI, MYSQL, OOP, Figma

Soft Skills

Analytical Thinking, Design Thinking, Leadership, Collaborative Approach

EXPERIENCE

Student Intern

July 2022 - Sept 2022

Vois

Virtual, India

- Built NLP based Abstractive Text Summarization Model
- Applied Python, Flask, HTML, CSS Git and Github.

Student Trainee IPR - Beginner

July 2022 - Aug 2022

MIT Academy of Engineering

Remote, India

- Learnt about Intellectual Property Rights, Copyrights.
- Learnt about Patents and the process of filing it.
- Studied various acts regarding Patents and Copyrights.

PROJECTS

Text Summarization by using NLP

Built an NLP based abstractive text summarization model. ([Github Repository](#))

Object Detection Using Faster RCNN (In Progress)

Built a Deep Learning model that detects the object using various algorithms like ANN, CNN, RCNN and compared their efficiency. We used Cat vs Dog dataset to train and test the model.

EXTRA-CURRICULAR ACTIVITIES

- TY Class Representative in Student Council
- Student Representative in ETSA (ETC Student Association)
- Corporate Relations Training and Placement Coordinator SEE

CERTIFICATIONS AND TRAINING

AWS Certified Cloud Practitioner

Zensar ESD Program

Microsoft Certified: Azure Fundamentals

ICT Academy Data Analytics using Power BI

Microsoft Certified: AI Fundamentals

FUEL Java Full Stack Development

Microsoft Certified: Data Fundamentals

Udacity AWS Machine Learning Foundation

Google Cloud Certified Digital Leader
